

DonJoy IceMan Clear3 provides a clear advantage with controlled delivery of cold therapy, helping patients and medical practitioners to easily manage post-operative pain and swelling.

DonJoy IceMan CLEAR₃

The IceMan CLEAR3 cold therapy unit helps reduce pain and swelling, speeding up rehabilitation. The IceMan provides extended cold therapy for a variety of indications and protocols as directed by a medical professional. It utilizes DonJoy's patented **semi-closed loop recirculation system**, which maintains more consistent and accurate temperatures than other cold therapy units, in a preset configuration.

Proven Performance

- Time tested with over 15 years of experience delivering industry leading cold therapy solutions
- Developed through direct customer interaction and feedback.

Technology Advantage

- Patented semi-close loop recirculation system delivers consistent cold therapy throughout the cold pad, eliminating freezing inlet temperatures.

Patient Convenience and Ease-of-Use

- Clear cooler design for easy refill indication
- Self-priming, plug-n-play operation
- Designed for easy portability and storage

DonJoy Patented Semi-Closed Loop Recirculation System

The DonJoy IceMan features a semi-closed loop recirculation system that allows water warmed by the patients' skin to recirculate with the cooler ice bath water at a constant flow rate, proving consistent cool water distribution throughout the cold pad.

The IceMan Clear3 is an elective item. Insurance will not be billed, and the patient must pay at the time of service. These items are sold at the front desk of Bone and Joint Institute, and there is no ordering process required.

We can accept all major credit cards.
Rentals are available for \$25/week.
Unit for purchase \$150.
