

# Skeleton Gala

As pillars in the Williamson County community for more than 40 years and now an integral part of the Williamson Health regional system, physicians and staff of Bone and Joint Institute of Tennessee are involved in numerous charitable and community events. Through our partnership with Williamson Health Foundation, a 501(c)3 organization, we will continue to participate in initiatives that sustain our values including empathy, compassion, faith in healing, and service to the community through our charitable arm, the Bone and Joint Institute Fund.

Our third annual event, The Skeleton Gala, will be held at Liberty Hall in The Factory on Saturday, October 26. This black-tie masquerade ball will be filled with fun, entertainment and dancing.

The proceeds of this year's event will support the Williamson Health Foundation's initiative to fund sports medicine services for the student-athletes of Williamson County in addition to scholarships for students that will be pursuing health-related degrees after high school. Bone and Joint Institute and Williamson Health are proud partners that bring impact to the community by providing sports medicine care each and every day to Williamson County student-athletes and their families. In addition, the Bone and Joint Institute physicians also serve as team physicians for several area private schools. We provide sports medicine services to Brentwood High School, Centennial High School, Fairview High School, Franklin High School, Independence High School, Nolensville High School, Page High School, Ravenwood High School, Summit High School, Battle Ground Academy, Brentwood Academy, Christ Presbyterian Academy, Grace Christian Academy, and Lipscomb Academy.

Throughout the year, Williamson Health athletic trainers work in tandem with dedicated Bone and Joint Institute physicians to care for the WCS student-athletes. In addition to the Williamson Health athletic trainers and Bone and Joint Institute team physicians, crews from Williamson Health Emergency Medical Services (EMS) are on the sidelines during football games and other events, ready to provide immediate care in case of injury.

We would be honored by your consideration of a sponsorship for the Skeleton Gala. Additional details and event information are attached.

Sincerely,

Bone and Joint Institute of Tennessee
